FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

The bill modifies the definition of the term "joint contract," in the law concerning joint municipal utility commissions, to mean a contract entered into among contracting municipalities or between municipalities and public water supply districts or sewer districts for the purpose of establishing a commission. In current law, "joint contract" means a contract entered into between municipalities, public water supply districts, sewer districts, or nonprofit water companies.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
